14. If this is a construction project, who will hold title to any installed infrastructure and land improved by the project? _____

SUPPLEMENTAL: Please explain how this project can meet or exceed the following EDA Investment Priorities (2-4 sentences per objective):

I. Collaborative Regional Innovation – Initiatives that support the development and growth of innovation clusters based on existing regional competitive strengths.

II. Public/Private Partnerships – Investments that use both public and private sector resources and leverage complementary investments by other government/public entities and/or non-profits.

III. National Strategic Priorities – Initiatives that encourage job growth and business expansion in clean energy; green technologies; sustainable manufacturing; information technology (e.g., broadband, smart grid) infrastructure; communities severely impacted by automotive industry restructuring; natural disaster mitigation and resiliency; access to capital for small and medium sized and ethnically diverse enterprises; and innovations in science, health care and alternative fuel technologies.

IV. Global Competitiveness – Investments that support high-growth businesses and innovation-based entrepreneurs to expand and compete in global markets.

V. Environmentally-Sustainable Development – Investments that encompass best practices in “environmentally sustainable development,” broadly defined, to include projects that enhance environmental quality and develop and implement green products, processes, and buildings as part of the green economy.

VI. Economically Distressed and Underserved Communities – Investments that strengthen diverse communities that have suffered disproportionate economic and job losses and/or are rebuilding to become more competitive in the global economy.
